

# Bound4LIFE - OHIO

After 50 days of round-the-clock corporate prayer and fasting for the 2004 elections, a group of prayer warriors — young and old alike — packed up their sleeping bags and headed to Washington, DC filled with purpose and confidence that prayer can change the course of a nation.

For 31 days they stood at the United States Supreme Court with the word “LIFE” written raw on a piece of red tape that covered their mouths. Their silent prayers rose day after day to the Court that’s higher than the highest court in the land —31 days for 31 years of legalized abortion in America. What was birthed during that time of intercession has gone on to impact the entire nation in a very short period of time.

Bound4LIFE is a grassroots prayer mobilization movement targeting the ending of abortion, the increase of adoptions and the reformation of government and society through spiritual awakening. Our mission is to mobilize a groundswell of prayer through:

- \* “Silent Sieges” in front of courthouses and abortion clinics across the nation.
- \* Millions of Christians wearing “Life Bands” and making the Bound4LIFE covenant —PRAY, VOTE & OBEY.

When LIFE tape is placed over our mouths, we are identifying with the silent screams of the unborn and of those who have no voice. Our stand is not a protest, but a silent prayer meeting. We make our appeal to the Judge of the earth and ask Him for speedy justice to be released.

## It’s not a protest **It’s a prayer meeting**

The Ohio chapter of Bound4LIFE which seeks to end abortion and send revival to America. As stated in II Chronicles 7:14 we must first repent and turn from our wicked ways then our land will be healed. TNR Uprising has taken on this mission to see Restoration, Preparation, & Ignition, come to the remnant of Christ. We have taken on a multi-year vision to take Bound4LIFE and the message of hope and restoration to every county in Ohio. Climaxing in a state wide siege on Columbus in 2010. Over the next two years we will be going from county to county sounding the alarm and rallying the army of the Lord. We believe that Ohio will be the first state to stand up and swing the sword of the Lord over our nation.
